MEITEC CORPORATION

**Meitec Group Announces Fiscal 2018 Newly Graduates Hiring Plan of 590**  
**- Meitec Group will start recruiting activity for science major newly graduates who will graduate from universities and graduate schools in March 2018-**

MEITEC CORPORATION (Meitec) and its group company, MEITEC FIELDERS, INC. (Meitec Fielders), announced their plan to hire 590 newly graduates of science major from universities and graduates schools who will be graduating in March 2018.

Since its establishment in 1974 as the pioneer in engineer staffing business, Meitec Group (the Group) has provided “People and Technology” services to total of over 4,000 Japanese manufacturers until today.

By recruiting the newly graduates of science major from universities and graduates schools every year, the Group now employ approximately 8,700 engineers (6,700 for Meitec) and has built largest “Group of Professional Engineers” in Japan. The Meitec Group offers a way to work in profession of engineer to those who join us by providing “opportunities and a placement” to work in entire Japanese manufacturing industries.

Also as of March 31, 2017, number of the “Lifetime Professional Engineers” who have reached the retirement age of 60 years will be 219 people.

And for these 517 newly graduates whom we plan to hire in April 2017, the Group will continue to provide good “opportunities and placements” for them to work as the professional engineers for lifetime.

\*Lifetime Professional Engineers: It is the Meitec’s internal definition for an engineer who can continue to be a frontline active engineer until his or her retirement age.
